

## October is Breast Cancer Awareness and Ultrasound Awareness Month

In honor of Breast Cancer Awareness Month and Ultrasound Awareness Month, the Philips Learning Center is offering the below five free courses. The first four free courses include 4.5 Category A CE credits for radiologic technologists and sonographers; the last free course includes 2 contact hours for nursing.

Please visit the Learning Center at [www.theonlinelearningcenter.com](http://www.theonlinelearningcenter.com), select the Course Catalog, then "On Sale Today", and click the "Get It Now" button. This offer is valid from Oct 1 – 31, 2010.

- Palpable Breast Cancer: Pre and Post Operative Evaluation (1 CE)
- Breast - Invasive Lobular Carcinoma (1 CE)
- Basic Cardiac Color Flow Imaging (2 CE)
- The Early Obstetric Exam (0.5 CE)
- Breast Cancer Overview – Nursing (2 contact hours)

If you have questions or need help, please call our Help Desk at 1-800-692-4295 or INT'L 1-770-510-1132 (M-F, 24-hours).
